

Right Here

Johnny James

[Verse]:

I feel like something's happening
It's happening right here
You better call someone quickly
Before i disappear
I know i'm gonna startle you
But i don't really care
Get that right here Getting impatient with you
So sick of waiting for you
Don't know what i'm gonna do
But i just have to stay true
Oh yeah cant wait to see how this ends
Yeah yeah oh yeah

[Pre-Chorus]:

Come to me
Don't hide nothing
Were only getting started
And i ain't even bluffin' [Chorus]:

Yeah the time has come to say
There ain't no other way
Im stuck in between my mind
So help me out of here
Before i make it clear
That something's gonna happen right here

[Verse]:

I feel its my last day on earth
I feel like something's happening in the universe
Someone save me from this trouble
Heading my way
I need a saviour need a saviour
Bring one my way
I hope in future
We will see a better day
I feel so gone i feel so dead
I feel every emotion running
Through my head [Pre-Chorus]:

Come to me
Don't hide nothing
Were only getting started

And i ain't even bluffin'[Chorus]:

Yeah the time has come to say

There ain't no other way

Im stuck in between my mind

So help me out of here

Before i make it clear

That something's gonna happen right here[Bridge]:

Angels flying through the air

Don't seem like they really care

I have to fight this trouble

Break though this wall

So help me out of here

Before i make it clear

That somethings gonna happen right here[Chorus](x2):

Yeah the time has come to say

There ain't no other way

Im stuck in between my mind

So help me out of here

Before i make it clear

That something's gonna happen right here
