

# Dear Diamond

[Miranda Lambert](#)

Dear diamond, pretty and new  
Perfectly flawless, too good to be true  
Dear diamond, you shine like the sun  
You wrap around my finger just like he does  
You cost more than he wanted to lose  
And with this ring I said I do  
I promise to never do what I've done  
I've lied to someone  
Dear diamond, what will we do?  
Well I like the devil, just face the truth  
Dear diamond, be my saving grace  
What you don't know will kill him, that I can't face  
You cost more than he wanted to lose  
And with this ring I said I do  
I promise to never do what I've done  
I've lied to someone, dear diamond
