

# Somewhere When Your Heart Glowed the Hope

## Starflyer 59

I've been wondering where you are  
Takin' the blues way too far  
You're tellin' me it's all the same  
Would you ask, could you ever feel this way? Somewhere when your heart glowed the hope  
Stuck on a wish, I  
wish you'd know  
If you don't feel just let me know  
You're tellin' me it's all the same  
Would you ask, could you ever feel this way? Somewhere in your heart glowed  
Somewhere in your heart glowed  
Somewhere in your heart glowed the hope
