

Warriors (feat. Ruckazoid & Deveraux)

Hudson Mohawke

Ah, let her say a prayer
And put our middle fingers in the air
To all the haters like fuck y'all
To all the haters like fuck y'all
They going in for the kill
'Cause they like the way they feel
They just tryina fill the void
To avoid what is real 'Cause when it's so crowded and everybody is shouting
And there's so many people doubting
We have just once chance to get it
But if you think of this sometimes
You will not allow it
Just wanna hear your voice
But it feels like you can do nothing bout it
Don't let them make you quit
Don't let the motherfucks make you quit now
'Cause we might lose the battle but we'll win the war
And we don't care 'cause love is what we're fighting for
So fuck what they say
'Cause we are the warriors, we are the warriors Oh, they try to ignore us
You'll never make it, that's what they always told us
Try to make us hopeless
Take a warm heart and turn it to??? us
Like we under hypnosis
We up doing full stains to get noticed
They act like they don't need us
But it takes more than a tree to make a forest
'Cause when it's so crowded and everybody is shouting
And there's so many people doubting
We have just once chance to get it
But if you think of this sometimes
You will not allow it
Just wanna hear your voice
But it feels like you can do nothing bout it
Don't let them make you quit
Don't let the motherfucks make you quit now 'Cause we might lose the battle but we'll win the war
And we don't care 'cause love is what we're fighting for
So fuck what they say
'Cause we are the warriors, we are the warriors.
