Can't Get Off

Chris Whitley

I ain't got no pride in my pants
I ain't got no poise or plans
Hear me out with your handsIt's nothing major, sister
I can't get off
Yeah, nothing majorI ain't got no acid love
Ain't got no problem to solve
I'm doing my best to dissolveWell, it's nothing major, sister
I can't get off
I can't hang out, sister
I can't get offI been watching it go by
Well, I been gone so long
[Incomprehensible]Entertain religion of law
Slave morality and the norm
You know it
I'm doing my best to conformWell, it's nothing major, sister
I can't get off
It's nothing major, sister
I can't get offBut I been watching it go by
Well, I been gone so long
I want to hear the new word now, now, nowI been watching it
I been watching it go by
I been gone so long
I want to hear the new word now, now
I can't get off
