

When I'm Old Enough to Join the Band

Barney

I'll be marching all across this land.
I'll be playing a song as I'm marching along.
When I'm old enough to join the band. A marching band makes a happy sound
That fills the air as they march around.
Playing a tune, marching along,
Joining a band you just can't go wrong. I'll be marching all across this land.
I'll be playing a song as I'm marching along.
When I'm old enough to join the band.
I'll play the trumpet. (trumpet sound)
I'll play the drums. (drum sound)
I got a slide trombone. (trombone sound)
I'll play the flute. (flute sound)
I'll be marching all across this land.
I'll be playing a song as I'm marching along.
When I'm old enough to join the band.
I'll be playing a song as I'm marching along.
When I'm old enough to join the band.
