

# It's Good To Know I'm Alive

Jennifer Love Hewitt

You make me smile  
Everybody needs and little sunshine  
And when I do your always there with my surprise  
It's good to know that I'm alive  
You make me sing  
Everybody's lookin' for an answer with a metaphysical ring  
You take me out there  
It's good to know that I'm alive  
Caught up in the middle of a lovely, lovely day  
And did you ever get the blues and think they'd never go away  
And then your buy this big, fat who-da-dude who just stopped by to say  
There's a lesson to be learned and everybody's gotta pay  
You make me smile  
Everybody needs and little sunshine  
And when I do your always there with my surprise  
It's good to know that I'm alive  
You make me sing  
Everybody's lookin' for an answer with a metaphysical ring  
You take me out there  
It's good to know that I'm alive

Now you got your crazy wisdom to life to solve the night  
You've been walkin' that high wire, baby, without a net inside  
And you believed in reincarnation, but that was in another life  
Well, like the bible said, be happy, it's okay to change your mind  
You make me smile  
Everybody needs and little sunshine  
And when I do your always there with my surprise  
It's good to know that I'm alive  
You make me sing  
Everybody's lookin' for an answer with a metaphysical ring  
An' you take me out there  
It's good to know that I'm alive  
You make me smile  
Everybody needs, needs a little something  
It's good to know that I'm alive, I'm alive  
You make me sing  
Everybody needs, needs a little something  
It's good to know that I'm alive, I'm alive

You make me smile
