

# Young Blood

Hunter Hayes

[Hunter]

One way, two wheels  
(Black boots, high heels)  
Careful girl you're dressed to kill  
Sunset, halfway  
Saddle up and ride away  
I know how you make me feel  
That rolling the dice, look in your eyes  
Too hot to touch  
The fire in the eyes fantasy nights  
Never too much  
Young blood, my love  
It's more than enough to, fire me up  
One rush, my clutch  
And dangers got nothing on trouble like us  
Young blood (young blood, young blood)  
Ruthless, coolness  
Silk black, smoothness  
Little rebel rollin' with me  
Ridin' on a thin line  
Bettin' on a good time  
Little smoke and gasoline  
You're under the leather  
We're sweatin' together  
We are feeling the heat  
Bonnie and Clyde, into the night  
We never sleep  
We never sleep  
Young blood, my love  
It's more than enough to fire me up  
One rush, my clutch  
Baby dangers got nothing on trouble like us  
Young blooo-ood  
Reckless with freedom  
No rules, no reasons  
Helping how I'm feeling, out of control  
Yeea-e-aahh, Ohhh-hhhhhh  
Young blood, my love  
It's more than enough to, fire me up  
One rush, my clutch  
Ohhh dangers got nothing, on trouble like us  
Young blood, my love  
It's more than enough to, fire me up  
One rush, my clutch  
Ohh dangers got nothing, on trouble like us  
Young blooo-ood  
Baby we're just young blood  
Oh young blood  
Ohhhhh young blood...
