

# Mostly Waving

Emily Haines

Young, thought as I was  
Thought as I was, thought as I was  
    Done, thought as I was  
Thought as I was, thought as I was  
    Get, get the line down  
        Get the line down, get the line down  
            Don't elaborate like that  
    You frighten off the frat boys, use your baby talk  
    Frighten off, frighten on  
        This fall, the blues are brown  
            So turn your horse around now  
    The blues are brown  
        Missing and mostly waving  
            Thought as I was  
            Done, thought as I was  
            Young, thought as I was
