Gone

Colours

if I could become all that I want
what a man in all of these animals
but I make the mistakes the ones before me always made
say I wanted all that I wasn't ready for
now I see everything I wish I was
but it's too late to be the one you want
I think too much
I love too much
I know too much
I don't have enoughwe all got time
we all got time
you're on my mind
you're on my mind
even though you're gone
even though you're gone
yeah you're on my mind
you're on my mine
even though you're goneI move when I'm unseen, I speak now you don't hear me
I repeat the words that once moved my earth
so don't say what I see is what I dreamed up you to be
it's make believe making me believe
now I see everything I wish I was
but it's too late to be the one you want
I think too much
I love too much
I know too much
I don't have enoughwe all got time
we all got time
you're on my mind
you're on my mind
even though you're gone
even though you're gone
yeah you're on my mind
you're on my mine
even though you're gone
