Masquerade

Symphony X

Shackled in darkness - the forbidden portrait confined to
it's frame
Unbroken silence - a total misfortune and shame
Ragin obsession - this mask of oppression, it hides your
agression from view
This tearing suture renounces the love he once knewYour sacrifice this paradise of innocence
Trust the lie - you falsify the line of truth
You disguise your insolence
Don't deny insanity - mediocritySave us from this masquerade of liesKings and fools die in ridicule (save us)
Save us from this masquerade of liesA fallen fortress sees him beneath starless skies
Subsiding deeper - the final farewell in his eyes
Unspoken hero - distrusted and thrusted within surmise
Seizing intrusion to unveil his clever disguiseYour sacrifice this paradise of innocence
Trust the lie - you falsify the line of truthSave us from this masquerade of liesKings and fools die in ridicule
(save us)
Save us from this masquerade of lies[Solo]Save us from this masquerade of liesKings and fools die in ridicule
(save us)
Save us from this masquerade of lies
