

All My Best Friends Are Metalheads

Less Than Jake

(This is a fair request. And I promise I will not judge any person only as a teenager. That you will constantly remind yourself that some of my generation judges people by their race, their belief, or the color of their skin. And that this is no more right than saying all teenagers are drunken dope addicts that're glue sniffers...)

Do you think it's strange?

That there's this way

Of how you look and how you act and how ya think

Pretend they're not the same as you

Do you think it's strange?

That there's this way

Of how you look and how you act and how ya think

Pretend they're not the same as you

Did you know about his strength of conviction?

Or how she puts all her faith in religion?

Did we take the time?

To really discover

How little we know about each other

Keep us from saying anything

And separate from everything

yet all this really means is

You're one in a crowd and you're paranoid of every sound

You're not the friend you won't miss anyhow

Do you think it's strange?

That there's this way

Of how you look and how you act and how ya think

Pretend they're not the same as you

Do you know about his strength of conviction?

Or how she puts all her faith in religion?

Did we take the time?

To really discover

How little we know about each other

Keep us from saying anything

And separate from everything

yet all this really means is

You're one in a crowd and you're paranoid of every sound

Keep us from saying anything

And separate from everything

yet all this really means is

You're one in a crowd and you're paranoid of every sound

You're not the friend you won't miss anyhow
Do you know about his strength of conviction?
Or how she puts all her faith in religion?
Did we take the time?
To really discover
How little we know about each other
Keep us from saying anything
And separate from everything
yet all this really means is
You're one in a crowd and you're paranoid of every sound
Keep us from saying anything
And separate from everything
yet all this really means is
You're one in a crowd and you're paranoid of every sound
Paranoid of every sound x2
