

I Won't Forget You (Single Version)

Poison

Late at night I close my eyes
And think of how things could have been
And when I look back
I remember some words you had said to me It's better to have lost at love
Then never to have loved at all I won't forget you baby
(I won't forget you)
Even though I could
I won't forget you baby
(I won't forget you)
Even though I should, yeah Sometimes in my head
I can still see pictures of you
And I laugh to myself
When I think of all those crazy things that we used to do Although miles come between us
Just between you and me I won't forget you baby
(I won't forget you)
Even though I could
I won't forget you baby
(I won't forget you)
Even though I should, yeah I should let you fade away
But that just wouldn't be me
Oh, baby Although miles come between us
Just between you and me I won't forget you baby
(I won't forget you)
Even though I could
I won't forget you baby
(I won't forget you)
Even though I should, yeah I won't forget you baby
(I won't forget you)
Memories slowly fade
I won't forget you baby
(I won't forget you)
And all the plans we made I won't forget you baby
