

# Happiness

## Dead Prez

Yo, it's a beautiful day, and everybody's feelin' wonderful  
The ladies is out, lookin' fly, dressed comfortable  
I love to wake up and feel the breeze through my window  
Slip on a fatigues, grab a dutch and roll some indo  
It be days like these that make life so much easier  
Fish thawin' out, Guinness Stout in the freezer  
Walk the block at my leisure  
(My leisure)

Summertime is like a anesthesia, so many pretty things to please ya  
The greenery, beautiful birds, natural scenery or even just a infinite sky  
We be forever puffin' lah on the block  
Or tellin' jokes in the ride  
(Ha ha ha)

When the weather be hot, everybody be outside  
(Whut)  
Havin' fun, eatin' fresh fruits and vegetables  
(Aight?)

And good food put me in the mood for a festival  
Some say the summer make a woman more sexual  
(S'up, boo)

It's instinct, that's why my game be right on schedule  
I put the great Mother Nature on a pedestal  
She always fly, but today, she's exceptional  
If I had a chance to make a wish  
Every day would be just like this, full of happiness  
I feel great even though we got mad things to deal with

Happiness is all in the mind  
Let's unwind, and find a reason to smile  
I'm just glad to be livin', feelin' fine  
Leavin' my bad times behind  
Feels great and no, we can't escape from the realness

Happiness is all in the mind  
Let's unwind, and find a reason to smile  
I'm just glad to be alive, feelin' fine  
Livin' life one day at a time  
Feelin' great

Yeah, know'msayin'?  
I just wanna give a shout out  
To everybody who got a birthday today

Happiness

(Happiness)

Have you ever heard the children play?  
Sometime, I feel the same way, roll up a J

And get away, put some food on the grill  
And just chill, maybe build with my elders

(Uh)

Never know the things they could tell ya

Learnin' why the caged bird sings

(Why it do that?)

'Cuz it's the vital things you know

That separate the men from the Kings

The flowers that bloom and the Sun

(Uh)

And everybody singin' the tune 'cuz it's time to have fun  
We out, rollerbladin' a day where no one coulda stayed inside

(Uh, uh)

Wash the car, now it's time to take a ride

Me and my crew hangin' out, all night to sunrise

Celebration of life 'cuz every day is a surprise

Think of the rich countryside on the land of Jamaica

Mountains, springs and green acres

Or any other place in the world your mind takes you

It's the good times in life that everybody can relate to

(Uh)

And you can leave your troubles behind and have a wonderful time

Lay back and just ease your mind

(Whut)

You can leave your troubles behind and have a wonderful time

Lay back and just ease your mind

I feel great even though we got mad things to deal with

Happiness is all in the mind

Let's unwind, and find a reason to smile

I'm just glad to be livin', feelin' fine

Leavin' my bad times behind

Feels great and no, we can't escape from the realness

Happiness is all in the mind

Let's unwind, and find a reason to smile

I'm just glad to be alive, feelin' fine

Livin' life one day at a time

Feelin' great

Yeah, know'msayin'?

I just wanna give a shout out

To everybody who got a birthday today

Happiness
