

# Such a Lovely Lady

**Don Williams**

Last night I came home and found you there  
You with your pretty eyes and shining hair  
Look at you, youre the kind of woman men stop and stare  
Such a lovely lady to be mineSuch a lovely lady should be somewhere else  
It seems to me, the likes of me, isnt hard to findSometimes going home, though its not fair  
I stop and have a drink or two, see whos there  
But when I do ,youre the kind of woman I just leave them there  
Youre such a lovely lady to be mineSuch a lovely lady should be somewhere else  
It seems to me, the likes of me, isnt hard to find
