

What If

Genio

What if

*

What if

it doesnt happen

all my hopes

my wishes my dreams

my heartfelt desire to succeed

the fulfilment of my

jolly intense bubbling imagination

in my mind

what if

it doesnt happen

- but -

what if

it happens

all my hopes

my wishes my dreams

my heartfelt desire to succeed

what if

it happens

the fulfilment of my

jolly intense bubbling imagination

in my mind

what if

it happens

what if

it really happens

what if

it really comes true

what then

what then

what then

what then

what then
