Sleep

Onerepublic

Talk to myself again, all alone, on my own
Walk by the scene again, just to see what people see
Caught in your stubborn hold and I?m so far from home
So turn the lights on, turn the lights on
Turn the lights on for me
So keep the lights on, keep the lights on
Keep the lights on for me
Don?t go to sleep
Lost in your thoughts again, consciously you think of me
Focus your perfect words, with a pen you write me in
I can?t be reached so far from here, I need you near
So turn the lights on, turn the lights on
Turn the lights on for me
So keep the lights on, keep the lights on
Keep the lights on for me
Don?t go to sleep
I wait for you, I stay for you
So turn the lights on, turn the lights on
Turn the lights on for me
So keep the lights on, keep the lights on
Keep the lights on for me
Don?t go to sleep
I wait for you, I stay for you
