

Slingshot (feat. Douglas James)

Jack Griffo

Verse 1:

I thought I was too young for love
To think that there could be just one
Girl for me

I was never too good at romance
Or maybe just never had the chance
To love the right girl

Refrain:
And little did I know
This would be a crime scene
And I would be the one to fall

Chorus:
Slingshot
Love so deadly that I dropped
The day I met you
Just one look
knocked me down
Smile so sweet
I hit the ground
K.O.

Count to ten
'Cause this young heart
Won't get up again
It's you and me
And that's the story
Of my pretty little slingshot
(Woah, pretty, pretty little slingshot)

Verse 2:
From the start your beauty
Had me shy like David
But by the end I had fallen hard
Like the giant

I thought true love was hard to find
But I guess that I was wrong this time
'Cause you're all mine

Refrain:
And little did I know
This would be a crime scene
And I would be the one to fall

Chorus:
Slingshot
Love so deadly that I dropped
The day I met you
Just one look

Knocked me down
Smile so sweet
I hit the ground
K.O.
Count to ten
'Cause this young heart
Won't get up again
It's you and me
And that's the story
Of my pretty little slingshot
(Woah, pretty, pretty, pretty little slingshot)Bridge:
I can't shake this feelin'
But now my heart is reelin'
There's no way
That I'd ever let you go
God knows I've been waiting
Endless nights of praying
For you to come
And knock me off my feetChorus:
Slingshot
Love so deadly that I dropped
The day I met you
Just one look
Knocked me down
Smile so sweet
I hit the ground
K.O.
Count to ten
'Cause this young heart
Won't get up again
It's you and me
And that's the story
Of my pretty little slingshot
(Woah, pretty, pretty, pretty little slingshot)Chorus:
Slingshot
Love so deadly that I dropped
The day I met you
Just one look
Knocked me down
Smile so sweet
I hit the ground
K.O.
Count to ten
'Cause this young heart
Won't get up again

It's you and me
And that's the story
Of my pretty little slingshot
(Woah, pretty, pretty, pretty little slingshot)My pretty little slingshot
