

Black Sand

David Lee Roth

Catch a wave
Feel the power
Now you are solar poweredMy toes
On the nose
Wanna be
Where the sun goesI've heard a story
Many times
It's one that i believe
Of a place that's not on any map
Beyond the seven seas
Black sand...Goin' to the ocean
Why don't you come with me
We'll slide right off
The backside
Of a dream
