

Time & Space (feat. SaintSaviour & Jess Larrabee)

Groove Armada

Let it take you
through the slowly
Lie hands and there's more
to let our love grow If all time seems to
Wait on feeling
Because it's not
How we should show our love And I was easy love
And I wasn't easy enough Time and Space
Peel away at angst
Time and Space
Learn to let go Baby lean on me
Help you lean
Help you lean
Help you lean on me
Baby lean
Baby lean
Baby lean on me
Got to lean
Got to lean
Got to lean on me Are we joined by both
Our hearts or limbs
Only by arms length
we'll sigh ever show Let go
Let go And I was easy love
And I wasn't easy enough Time and Space
Peel away at angst
Time and Space
Just to let go Baby lean on me
Help you lean
Help you lean
Help you lean on me
Baby lean
Baby lean
Baby lean on me
Got to lean
Got to lean
Got to lean on me And I was easy love
And I wasn't easy enough
And I was easy love

And I wasn't easy enoughLetGo
