

Money (let It Go)

Taking Back Sunday

Get gone
Before it gets to me
Keep on
Keep on keeping away

I called her disinterest
You catalogue the rooms
This was all your fault
Doesn't matter what you're doing
All this rests on you
On you
(Well you know)
You know you had it coming
You got what you had coming
Yeah, you made that pig squeal

Have a laugh
She wants all that money
Come on, have a laugh
She wants, she wants it all
Have a laugh
She wants all that money
Come on let go, let go, let go
Just let it go, go, go

Get gone
Keep on keeping away
Get paid
Sit around and wait
Oh all that time you've wasted
Complain, complain, complain
Well grab another bag
Oh she knew what she was doing
To everything you say
Yeah you, you knew you had it coming
You got what you had coming
Yeah you, made that pig squeal

Have a laugh
She wants all that money

Come on, have a laugh
She wants, she wants it all
Have a laugh
She wants all that money
Saying let go, let go, let go
That brilliant animal
Let go, let go, let go
Just let it go, go, go

She walks in and out the bed
With those long, long legs
Everything you say
You lost along, lost along the way

Get gone
Yeah you keep on keeping away

Have a laugh
She wants all that money
Come on, have a laugh
She wants, she wants it all
Have a laugh
She wants all that money
Come on let go, let go
Just let it go, go

Have a laugh
She wants all that money
Come on, have a laugh
She wants, she wants it all
Have a laugh
She wants all that money
Saying let go, let go, let go
That brilliant animal
Let go, let go, let go
Just let it go, go, go
