

You'll Be

Palm Trees & Power Lines

Oh, what a thought that is
What if you're the one I spend the rest of my life with?
And whoa, I can't believe this
Cause I don't think that I deserve this gift that you've given
Hey, to me you're right
Maybe this will be the first and also the last time
And whoa, I think you're out of sight
Cause you're the most gorgeous thing that's crossed
Between my eyes.
And you're the only one I want When I say, when I say that you're mine
You tell me, you tell me my love's blind
But I know when it's all said and done that you'll be the one
I've always dreamed of, you're my love Yeah, I'd like to point this out that I still think you're
Perfect even though we have had doubts and well this makes me want to shout
Relationships like this are something people talk about.
hey you know that I'll stay true, there's so many places that I wanna take you and I'm stuck to you like
glue cause girl I believe that there's nothing we can't do
And you're the only one I want When I say, when I say that you're mine
You tell me, you tell me my love's blind
But I know when it's all said and done that you'll be the one
I've always dreamed of, you're my love
