Superbird

Fu Manchu

Took my superbird
Down to the track
Saw Camaro duel hemi-stacks
Flag went down
Hear the rubber burn
Lucky shift
Got me in the turn
Must have been ridin'
With lady luck
Flipping his wig
His gears are stuck
The Camaro,
So far behind
I'm out of gear
Coasting to the line!Solid!
Foot off the gas
A man alive
I shoved it down
Into overdrive
I pulled away
I'm feeling fine
Superbird screaming
Anytime
