

Will There Be Enough Water (Live from The Roxy)

The Dead Weather

Will there be enough water?
When my ship comes in
Water, when my ship comes in
Will there be water?
When my ship comes in When I said sail,
Will there be enough wind?
When I said sail,
Will there be enough wind?
When I said sail,
Will there be enough wind?
Cool water
Oh cool wind Just because you caught me,
Does that make it a sin?
Yeah, just because you caught me,
Does that make it a sin? Just because you
Cool water
Yeah and that cool wind Enough water
When my ship comes in
Be enough water
When my ship comes in When I said sail,
Will there be enough wind?
Oh cool water
Yeah and that cool wind Just because you caught me,
Does that make it a sin?
Just because you caught me,
Does that make it a sin? Will there be enough water?
When my ship comes in
Water when my ship comes in
Will there be water?
When my ship comes in
