

# Dove

## Pillar Point

Girlfriend tell me what you did,  
I don't have the time to worry who you kissed  
I been spending my whole day  
In a phased out haze

You say we feel outta touch, but gimme some more time I'm back within a month

I know you don't like to wait,

But this love is not a race

So take that watch that's on your wrist,  
Hide it in a drawer and don't let it exist  
I will shine within your shade

Until you feel awakeIt's no road that I'd run without a curve

So baby would you come in close at the turn

And let a different love song pass your lips

Or we might suffer shipwreck with the shipWithout love

You're just a stupefied doveLet me linger in your dreams, there's all the other guys but I'm the one you need

Baby you stay in my thoughts,

But is that enough?

All the songs that i could sing to show you that I feel this - would they change a thing?

No matter which way this wind blows

You know I'm coming homeIt's no road that I'd run without a curve

So baby would you come in close at the turn

And let a different love song pass your lips

Or we might suffer shipwreck with the shipWithout love

You're just a stupefied dove
