

# Supah Jaianto

## Stereolab

World, firstly  
Subjective phenomenon  
Retrieve the road  
Tat leads to these far away goals  
Facing the disturbing  
Riches of life  
Forges an abstraction  
Magic value of protection  
Against chaotic change  
Living experience  
Gets lost in it, gets lost in it  
Becomes itself an abstraction  
Parts with himself to become an object
