This Is My Life (ESC-version)

Euroband

Anything we should know about your change?
I spent my days in vain just waiting,
For happiness to come my way
I took for granted all they gave me,
I opened my eyes,
Finally I realizedThis is my life,
I don't wanna change a thing
This is my life!
All the pain, all the joy it bringsAll through the years,
Of blood, sweat and tears,
My hopes and my fears,
All that it meant to me
This is my life!
What will be, will be!There's no denying all the heartaches,
Were just a blessing in disguise
If we never make,
A single mistake
We wouldn't be here,
Part of the plan,
I believe
This is my life
I've found the key,
To set myself free,
Effortlessly,
Cause I have the power,
To change my ways
