

Paint Pastel Princess

Silverchair

It's only self rejection with a mean left
Cold carbon copied coping
And it's mean theft
That's been left behind Paint pastel princess
Bo and arapax
The shelves when they're broken
I'll beg you, beg you Waste life when youth is sweeter, neater
Content with contents
Cultures cringing at accents
And it's too tense, camp out She tastes the candy
Sugarless, cancerous
Crave cocaine cop shows
I'll beg you, beg you But it's all the same to me
But it's all the same to me
But it's all the same to me
But it's all the same to me But it's all the same to me
But it's all the same to me
But it's all the same to me
But it's all the same Paint pastel princess
Bo and arapax
The shelves when they're broken
I'll beg you, beg you
