

# Lets Get it Crackin (feat. Jeffree star)

## Deuce

All the girlies with the pretty little panties  
Turn around, let me smack both them ass cheeks  
Throw your cups up if you'll get nasty  
WhoaOh, damn girl girl, you're lookin' real fancy  
Girl, come on Deuce's lap, I got free candy  
Throw your cups up, we're gonna get nasty  
(I know how to make you happy)Let's get it crackin' bottles  
We back in town, we're so plastered  
So meet her in the bathroom  
She just turned 18, she calls me baby  
'Cause she's been waitin' all night to rape meLet's get it crackin' bottles  
We back in town, we're so plastered  
So meet her in the bathroom  
She just turned 18, she calls me baby  
'Cause she's been waitin' all night to rape meHere I come rubbin' on your girl's clit and on her bum  
Oops, look what I found, a nice little wonder bra  
She must be young, 'cause I barely get on her rum  
Next we turn the hips  
So I can keep on rubbin' 'em  
Broke a hole in her butt while I'm suckin' on her titties  
That's fun, 'cause I can do all three at once  
Bust a nut, let it drip, drip from her tongue  
Slut, I just gave you anal, you still licked it upIt's time to find me some more girl in the club  
I like 'em black, I like 'em white  
I like 'em young  
I like 'em tall, I like 'em short, they got junk  
She's got an ass that goes like a dump truck  
I know she wants to take me home  
She's called her friends at home  
I got Deuce, girl, so bring a bottle of rum  
And some condoms  
Cuz we gonna have a threesomeLet's get it crackin' bottles  
We back in town, we're so plastered  
So meet her in the bathroom  
She just turned 18, she calls me baby  
'Cause she's been waitin' all night to rape meLet's get it crackin' bottles  
We back in town, we're so plastered  
So meet her in the bathroom  
She just turned 18, she calls me baby

'Cause she's been waitin' all night to rape mePink swag, glitter gun, high heels - here I come!

Makeup on, in the club, fucked your mom just for fun

I'm so wet, make you wild, make you wanna pull it out... oh wow!!

On my knees, can't breathe, suck it down

I want to smear it all around

Cum queen, bitch I wear the crown

Stuff me up baby make me drown

Barebackin' its a touch down!

Smackin' fags is what I do, you wanna be me? HA what's new!

Spit or lube? you better choose! bitch what's a condom? no excuse

My vagina is a petting zoo, only let in 10 inch dudes

Just got raped by Drake... baby why'd you fucked up my hair do?!

Lick my ass an surgery scars
