Kissing You

Color Me Badd

Yeah, ooh, sweet love, I'm kissing you
Yeah, ooh, my love, kiss kissing you, kiss kissing you
Girl, I've been waiting for oh, so long now
Just for this moment when no one's around now
Just close your eyes
Let me feel your breath against mine, c'mon now it's time, yeah
Yeah, ooh, sweet love, I'm kissing you
Yeah, ooh, my love, kiss kissing you, kiss kissing you
Let's wait for the chance girl, that we can escape
Sneak out the back door baby, ain't never too late
So we can be alone just for a while
'Cause a while is all what I need, yeah
Yeah, ooh, sweet love, I'm kissing you
Yeah, ooh, my love, kiss kissing you, kiss kissing you
Ooh baby, what's it gonna be
You think you wanna roll with me
I'll make you say, ooh suga, the mood is right
And my game is tight, c'mon
Yeah, ooh, sweet love, I'm kissing you
Yeah, ooh, my love, kiss kissing you, kiss kissing you
Yeah, ooh, sweet love, I'm kissing you
Yeah, ooh, my love, kiss kissing you, kiss kissing you
Yeah, ooh, sweet love, I'm kissing you
Yeah, ooh, my love, kiss kissing you, kiss kissing you
See I'm kissing you, wantin' you
Kissing you, feelin' you, lovin' you
