

# Out of Control

Saxon

Breaks away the chains that bind me  
Gives me sympathy  
Keeps me running on the high road  
Keeps me living freeNever tries to steal my thunder  
Helps me through the night  
Always there to help and guide me  
Makes me feel alrightThere ain't no doubt about it  
Just can't live without her  
Moves my very soul  
When we touchI lose control  
I'm out of control  
I lose control  
I'm out of controlWhen I feel depressed and lonely  
She never asks me why  
Always knows just when to leave me  
When I start to lieTries to think about the next day  
So I can survive  
When I come home tired and weary  
She keeps me satisfiedThere ain't no doubt about it  
Just can't live without her  
Moves my very soul  
When we touch  
I lose controlShe breaks away the chains that bind me  
Gives me sympathy  
Keeps me running on the high road  
Keeps me living freeNever tries to steal my thunder  
Helps me through the night  
Always there to help and guide me  
Makes me feel alrightThere ain't no doubt about it  
Just can't live without her  
Moves my very soul  
When we touchI lose control  
I'm out of control  
I lose control  
I'm out of controlI lose control  
I'm out of control  
I lose control  
I'm out of controlI lose control
