# Great Escape

## Teddy Geiger

You promised me you'd always be around
To pick me up when I run down
To help me when my day is busted
But there's no one now who can be trustedAre you ever coming back or is nothing built to last
isn't it something how you vanished in the haze
isn't it something how you left me in your way
when you made your great escapeI always though you'd always be around
but i'm the fool who thought you'd never let me downwere you trapped inside a cage planning your get away
isn't it something how you vanished in the haze
isn't it something how you left me in your way
when you made your great escape
when you made your great escape
when you made your great escape
