Shark Attack

Cheers Elephant

Is this the light of a gun? Is this the rired upon?
Is this the reason why Iâ€™m down down down?
Was this the top of the world? Was this the top of a tree?
And am I fallinâ€™ to the ground ground ground ground?

Is this the Dali Lama? Is this but instant Karma?
Itâ€™s just that things are going round round round round.
What sort of thing will I see? A meaning in you and me?
As my heart is slowing down down down down.

I donâ€™t expect to be freed. I know there as I bleed.
That Iâ€™m existential bound bound bound bound.
I am a matter of fact. I am the reason I act.
And when I donâ€™t Iâ€™m not around round round round.

Pl pl pl pl please. Donâ€™t go cyinâ€™ on your knees.
And donâ€™y spend money on a gown gown gown gown
Go ahead have a drink. Take a minute to think.
And when you do Iâ€™m around round round round.

What it makes to make us REAL.
