

# Shot In the Dark

Jeff Scott Soto & Steve Lukather

Out on the street I'm stalking the night  
I can hear my heavy breathing  
Paid for the kill but it doesn't seem right  
Something there I can't believe in  
Voices are calling from inside my head  
I can hear them, I can hear them  
Vanishing memories of things that were said  
They can't try to hurt me now  
But a shot in the dark, one step away from you  
A shot in the dark always creeping up on you  
Taught by the powers that preach over me  
I can hear their empty reason  
I wouldn't listen, I learnt how to fight  
I opened up my mind to treason

But just like the wounded and when it's too late  
They'll remember, they'll surrender  
Never a care for the people who hate  
Underestimate me now  
But a shot in the dark, one step away from you  
A shot in the dark always creeping up on you  
A shot in the dark, not a thing that you can do  
But just like the wounded and when it's too late  
They'll remember they'll surrender  
Never a care for the people who hate  
Underestimate me now  
But a shot in the dark, one step away from you  
A shot in the dark always creeping up on you  
A shot in the dark, not a thing that you can do
