

Open Your Eyes

Lunic

Look around yourselves
Can't you see this wonder
Spreaded infront of you
The clouds floating by
The skies are clear and blue
Planets in the orbits
The moon and the sun
Such perfect harmony
Let's start question in ourselves
Isn't this proof enough for us
Or are we so blind
To push it all aside..
No..
We just have to
Open our eyes, our hearts, and minds
If we just look bright to see the signs
We can't keep hiding from the truth
Let it take us by surprise
Take us in the best way
(Allah..)
Guide us every single day..
(Allah..)
Keep us close to You
Until the end of time..
Look inside yourselves
Such a perfect order
Hiding in yourselves
Running in your veins
What about anger love and pain
And all the things you're feeling
Can you touch them with your hand?
So are they really there?
Lets start question in ourselves
Isn't this proof enough for us?
Or are we so blind
To push it all aside..?
No..
We just have to
Open our eyes, our hearts, and minds

If we just look bright to see the signs

We can't keep hiding from the truth

Let it take us by surprise

Take us in the best way

(Allah..)

Guide us every single day..

(Allah..)

Keep us close to You

Until the end of time..

When a baby's born

So helpless and weak

And you're watching him growing..

So why deny

Whats in front of your eyes

The biggest miracle of life..

We just have to

Open our eyes, our hearts, and minds

If we just look quiet we'll see the signs

We can't keep hiding from the truth

Let it take us by surprise

Take us in the best way

(Allah..)

Guide us every single day..

(Allah..)

Keep us close to You

Until the end of time..

Open your eyes and hearts and minds

If you just look bright to see the signs

We can't keep hiding from the truth

Let it take us by surprise

Take us in the best way

(Allah..)

Guide us every single day..

(Allah..)

Keep us close to You

Until the end of time..

Allah..

You created everything

We belong to You

Ya Robb we raise our hands

Forever we thank You..

Alhamdulillah..
