

Ready To Roll

Blake Shelton

Girl I've been at work all week
Fingers to the bone I need
A little hit of you and me
A little time alone All day I've been thinking about
Quitting early, skipping out
Hollin' a** to hit the couch
And hang with you at home We got some laid back country tunes on the radio
We gonna burn all afternoon like it's something to smoke
We gotta whole lot of nothing to do and nowhere to go
So baby I don't know about you but I'm ready to roll Let others fool go paint the town
We'll just hold this sofa down
Till Monday morning rolls around
I'll tell you what let's do You go grab those tater chips
I'll whip up some party dip
And well kick back and take a trip
And sip a beer or two We got some laid back country tunes on the radio
We gonna burn all afternoon like it's something to smoke
We gotta whole lot of nothing to do and no where to go
So baby I don't know about you but I'm ready to roll Yeah we got some laid back country tunes on the radio
We gonna burn all afternoon like it's something to smoke
We gotta whole lot of nothing to do and no where to go
So baby I don't know about you but I'm ready to roll Yeah I'm ready to roll
Ready to roll
