

# Here ItÂ Comes (Acoustic Version)

## Shaman's Harvest

Don't do it baby  
don't put yourself against the wall.  
I could do it more.  
And you've got to know this,  
they're just waiting to watch us fall.  
We'll disappoint them all.  
All day I wait I wait all day.

I say woman in your bottle of pain.  
Well they pay so much money  
just to say your name.  
Tryin' to be ready for when it comes.  
Oh when it comes.

Sweet high-heel baby  
don't put yourself on the floor.  
Could be so much more.  
And I've got a reason,  
to take away this kiss and tell.  
You putting me through hell.

I say woman in your bottle of pain.  
Well they pay so much money  
just to say your name.  
Tryin' to be ready for when it comes.  
So get up and get down on the killin' floor.  
Nobody move till they pay for more.  
You gotta be ready for when it comes.  
Aahhh when it comes.  
Here it comes.

There is no breathing room.  
Think I don't notice you.  
Baby we conquer this. Setting alarms.

All day I wait I wait all day.  
I say woman in your bottle of pain.  
Well they pay so much money  
just to say your name.  
Tryin' to be ready for when it comes.

So get up and get down on the killin' floor.

Nobody move till they pay for more.

You gotta be ready for when it comes.

Aahhh when it comes.

Yeah it comes.

Aahhh here it comes.
