

Supernatural

[AlunaGeorge](#)

[Verse 1]

Is this dead or is it alive?
Resuscitated too many times
I circle it, too many sides
Must be a gift from a future crime[Chorus]
Supernatural, supernatural, supernatural
Make this up for the ceremony
All hands up for the big finale[Verse 2]

Is this dream state or awake?
Creative science that we make
The perfect innovation
So close to real we can't tell its fake[Chorus][Bridge] (x2)

I go interplanetary
Oh, your touch is haunting me
It's so extraordinary
When you're simply holding me
I go interplanetary
Oh, your touch is haunting me
It's so extraordinary
When you hold me
