

# If You Were My Girlfriend

Frankie J

So glad I found you  
So glad I found you girl  
So glad I found you  
If you were my...Everytime I see you, in the mall, doing your thing girl  
I be up in your business, like baby, can I please get your number?  
Let me pick you up, we can fall on the weekend  
I be out in my hummer  
Chicky-dit-ta with you  
If you were mine...  
Can I get a chance with you  
I just wanna dance with you  
And maybe just maybe we can go do what we do  
I'm feelin you girl  
Tell you what I would doIf you were my girlfriend  
I'll lift you up  
I won't tie you down  
I'll give you, my heart  
If you were my girlfriend  
I'll always be true  
Right by your side  
If you were my boo  
If you were my girlfriend  
I'll lift you up  
I won't tie you down  
I'll give you, my heart  
If you were my girlfriend  
I'll always be true  
Right by your side  
If you were my booShorty,Now I got the contact, Imma use it  
& I holla  
But all I seem to get is your voicemail  
Or a ring-ring-ring-ring  
It gets kinda crazy  
'Cuz everytime I see you  
You be up in my face like the wife of my dreams  
So what I do?  
Can I get a date with you?  
I wanna escape with you...  
& maybe, just maybe, we can go do what we do...

'Cuz I'm feeling you girl  
Lemme tell you what I would do...If you were my girlfriend  
I'll lift you up  
I won't tie you down  
I'll give you, my heart  
If you were my girlfriend  
I'll always be true  
Right by your side  
If you were my boo  
If you were my girlfriend  
I'll lift you up  
I won't tie you down  
I'll give you, my heart  
If you were my girlfriend  
I'll always be true  
Right by your side  
If you were my booIf you were my girlfriend there won't be no drama  
'Cuz I'll never put you on that  
But it seems like them cats you've been choosing on lately  
Don't know how to treat you with gladIf you were my girlfriend  
I'll lift you up  
I won't tie you down  
I'll give you, my heart  
If you were my girlfriend  
I'll always be true  
Right by your side  
If you were my boo  
If you were my girlfriend  
I'll lift you up  
I won't tie you down
