

# Deep in Your Heart

## Lasgo

I do know lifes been hard for you, my love  
Well take it slow and let our feelings grow  
Day by day I feel Im getting closer to you  
Come with me, wont let you slip away  
Deep in your heart you are longing for love  
I know you want me too  
Deep in your heart you are longing for love  
Thats all I want from you  
Deep in your heart you are longing for love  
You feel the way I do  
Deep in your heart you are longing for love  
And I keep longing to be with you  
To survive you have tried to run from love  
Deep down inside you want me in your life  
Storm by storm Im breaking down this wall round your heart  
I hold on to all your fears are gone  
Deep in your heart you are longing for love  
I know you want me too  
Deep in your heart you are longing for love  
Thats all I want from you  
Deep in your heart you are longing for love  
You feel the way I do  
Deep in your heart you are longing for love  
And I keep longing to be with you
