

If I Could Do It All Over Again, I'd Do It All Ove

Caravan

Who do you think you are?
Do you think you
Who do you think you are?
Do you think you I really don't know
I really don't know Gimme that stuff enough enough to slow me down
I'll give you anything that I've got if you take me away
Lovin' is the stuff the thing the thing that slows me down
More than anything that I know, gimme some
