

# Innocence

[Kenny G](#)

you're all that I need  
to set my lonely heart free  
you're the logo of love inside with me  
would you let me see beneath your beautiful  
would you let me see beneath your perfect  
take it off now girl, take it off now girl  
I know that you tell all the boys no  
but that won't scare way oh no.  
and you've been carying on so long you couldn't stop if you try it  
you've built your wall so hiigh that no one could climb it  
but I'm gonna try.  
cause i know you're all that I need to set my lonely Heart free
