

Wine Glasses (From 'Household Objects' Project)

Pink Floyd

Wine glasses are round,
Round like the Sun.
But you can look at wine glasses
Without hurting your eyes. Lots of round things roll,
And indeed wine glasses do too.
But they tend to roll in a circle
So they're not very good for racing. Lots of glasses help you see.
Some let you at the Sun, which is round too.
But wine glasses don't help very much.
Due to their shape.
Wine glasses can shatter,
Unless they are made from plastic.
But are they really glasses
If they are not made of glass?
