

Keep your head

Andy Grammer

The day seems so very long but I'm trying to be strong
Well, hold on, I say, things will soon turn my way
And then I'll have a clear view
But I gotta keep Keep your head to the sky
I don't need to tell you why
Keep your head to the sky
I don't need to tell you why I sometimes get worried and I wonder why I worry
'Cause I know that I will make it through the storm
I'm tryin not to lose my cool because if in this world I do
The only person that's gonna miss out on everything is me
And I gotta keep Keep your head to the sky
I don't need to tell you why
Keep your head to the sky
I don't need to tell you why Ooh oh oh
Keep your head up
Don't you look down for nobody
Don't you do it, don't you do it
Keep it up Keep your head
I don't need to tell you why
Keep your head
I don't need to tell you why Everyday's a struggle but struggling to be is very hard, so very hard
Because I'm out here trying to do the right thing
And when I look around here's the wrong thing
Tempting me to make me disagree about how I feel about me
But I gotta keep Keep your head to the sky
I don't need to tell you why
Keep your head to the sky
I don't need to tell you why Keep your head to the sky
I don't need to tell you why
Keep your head to the sky
I don't need to tell you why
