

Rise from the Shadows

Alberta Cross

When we were out of time
On a highway caught by the sun
When we were out of touch
when we were out of feel

Tell me why..why
Down by the water

Can you feel it How I breath
Can you feel it Ive got cold feet
Can you feel it Im out of breath
Though I lost everyone

Tell me why..why
Down by the water

When we were out in the dark
Come on rise from the shadows
Come on rise from the shadows

Can you feel it Im out of speed
Can you feel it Im out of luck
Can you feel it We are out of trust
Can you feel it It is you and me now

Tell me why..why
Down by the water

When we were out in the dark
Come on rise from the shadows
When we were out in the dark
Come on rise from the shadows
Come rise from the shadows
