Enigma

Cubicolor

Do we know how to get the message across
We turn the lights off to find a way out
It's hard to get through to grasp what was lost
Don't turn the lights off and leave me in the dark
Hey, I'm pleading, my soul is bleeding
I don't wanna be left alone, not when I'm right next to you
What are you thinking, it's so misleading
Is it not for me to know, I think it's just hard for you to show
We never spoke in the words that we want
We turn the lights off to find a way out
We've never chosen to keep what we've got
Don't turn the lights off, then leave me in the dark
Hey, I'm pleading, my soul is bleeding
I don't wanna be left alone, not when I'm right next to you
What are you thinking, it's so misleading
Is it not for me to know, I think it's just hard for you to show
Hard for you to show
It's so hard for you to show
Why is it hard for you to show?
Hard for you to show
I thought it would be nice
To lie down and close my eyes
It never occurred to me
That I am already asleep
Don't be the one to, don't be the one to let go
Don't be the one to, don't be the one to be alone
(Sleep)
Don't be the one to, don't be the one to let it show
(Sleep)
Don't be the one to be alone
(Sleep in your arms tonight)
Hey, I'm pleading, my soul is bleeding
I don't wanna be left alone, not when I'm right next to you
What are you thinking, it's so misleading
I don't wanna be left alone, I don't wanna be left alone
I don't wanna be left alone
And I don't wanna be left alone
And I don't wanna be left alone
No one wants to be left alone
