Groove My Mind

Color Me Badd

Hello sweetheart
I want you to know something
I want you to know just how special you are to me
Girl, it seems like only yesterday, that I fell in love with you
And girl, I'd really have to say, it's a pleasure knowing you
And I just can't explain the way I feel, when tender words leave your lips
And every moment that you are here with me
I'm so happy my heart skips a beat, sugar
I love the way you groove, my mind
I like the way you make, me feel
I love the way you groove, my mind
Honey, when we make love
Since I first began to trust you were there long before me
Sharing all your love and trust but then I ask myself how could this be
Girl, someone as beautiful as you who can give me love so true
I don't know but I feel it through and through, oh
So baby don't stop, doin' what you do
I love the way you groove, my mind
I like the way you make, me feel
I love the way you groove, my mind
Honey, when we make love I feel so real
You know it seems like only yesterday that I fell in love with you
And I really have to say it's been a pleasure knowing you
See I wish I could explain the way you make me feel inside
See I know this time it's special
I love the way you groove my mind
Oh I ain't no Casanova
But honey I need your love every day
And hey, I just wanna get next to you
So let's get it on, let's get it on and on
I love the way you groove, way you groove, way you groove
I love the way you groove, way you groove, way you groove me
I love the way you groove, way you groove, way you groove
I love the way you groove, way you groove, way you groove me
I love the way you groove
I like the way you make
I love the way you groove
We make love
I love the way you groove

I like the way you make
I love the way you groove
We make love
I love the way you groove
I love the way you make me feel
I love the way you groove
We make love
I love the way you groove
I like the way you make
