

Man For All Seasons

Bee Gees

Everybody wants to leave just like you and I
I have all year to smile, a tear for every eye
Life closed its eyes, broke my world, now I'm cry
I've got to tell you,
I've got the reasons
'Cause I'm a man, a man for all seasons, alive
And would you pray what makes the world go round
I haven't got today, my mind is lost and found
Life closed its eyes and said goodbye, now I'm cry
But I've got to
tell you, I've got my reasons
'Cause I'm a man, a man for all seasons, alive
Du du, du du, du du du, I'm a man for all seasons
I'm a man for all seasons, I'm a man for all seasons
I'm a man for all seasons
