

All I Want for Christmas Dear Is You

Travis Tritt

Here it is Christmas day and you're many miles away
And I wonder if you feel the way I do
In the air there's happiness, but in me, there's loneliness
For all I want for Christmas dear, is you Presents wrapped in green and gold, have no arms for me to hold
No lips to whisper softly, I love you
Oh, how happy I would be to find you underneath my tree
For all I want for Christmas dear, is you Presents wrapped in green and gold, have no arms for me to hold
No lips to whisper softly, I love you
Oh, how happy I would be to find you underneath my tree
For all I want for Christmas dear, is you Yes darling, all I want for Christmas dear, is you
