

# Blessed with a curse ( Rio de janeiro 06/03)

## Bring Me the Horizon

Ever since this began, I was blessed with a curse  
And for better or for worse I was born into a hearse  
I know I said my heart beats for you. I was lying girl, it beats for two  
Because I got your love and I got these vices  
Take back every word I've said, ever said to you  
Take back every word I've said, ever said to you Ever since this began, I was blessed with a curse  
And for better or for worse I was born into a hearse  
I know I said my heart beats for you. I was lying girl  
I've been lying to you Everything I touch turns to stone  
So wrap your arms around me, and leave me on my own  
Everything I touch turns to stone  
So wrap your arms around me, and leave me on my own Take back every word I've said, ever said to you  
Take back every word I've said, ever said to you  
Take back every word I've said, ever said to you  
Take back every word I've said, ever said to you  
Because everything I touch turns to stone  
So wrap your arms around me, and leave me, I can't hold on
